

## Financial Awareness Session (24 November 2025)

The Department of Commerce organized a Financial Awareness Session on 24 November 2025 with the objective of enhancing students' financial literacy and helping them make informed financial decisions. The session was conducted by Mr. Manish Grover, who provided valuable insights into effective saving strategies, suitable investment options, and the management of financial risks. Through practical examples and interactive discussions, the resource person guided students on making responsible financial choices for their future. A quiz was conducted at the end of the session to reinforce key concepts, and prizes were awarded to the winners. The programme successfully encouraged students to develop greater awareness of personal finance and responsible financial planning.
