

Activities Organised by Ignitor – Women Entrepreneurship Cell

The Women Entrepreneurship Cell of Bhagini Nivedita College, Ignitor, successfully organized the much-awaited **Jyotirmaya Diwali Mela on 16th October 2025**, providing a vibrant platform to promote innovation and entrepreneurial spirit among students. The event was inaugurated by MLA Neelam Pahalwan and Prof. Balram Pani, Dean of Colleges. Eminent guests, including Prof. Rajkumar Fulwariya and entrepreneur Akshay Kapoor also joined the event.

The mela witnessed enthusiastic participation, with around 20 student-led stalls showcasing creativity, innovation, and business potential. These stalls reflected the ability of students to transform ideas into practical ventures while developing confidence, teamwork, and leadership skills.

Ignitor Cell, also organised an engaging **seminar on 'Innovative Ideas & the Use of AI'** on 17th April 2026. Mr. Hrithik, a young and dynamic entrepreneur, broke down the basic foundations of AI. From real-world applications of Gen AI to a clear roadmap for launching your own AI-powered startup — the session was packed with insights

Ignitor aims to build a supportive ecosystem for women entrepreneurs by equipping students with essential skills, knowledge, and confidence. Through workshops, mentorship, and experiential platforms like this mela, the cell ensures practical exposure to entrepreneurship. Students actively engage in organizing events, managing stalls, and interacting with customers, enhancing their problem-solving, financial, and communication skills.

The cell expresses heartfelt gratitude to the Principal Madam, Student volunteers and all supporters whose guidance and encouragement have been crucial in fostering entrepreneurial spirit among students.
