

Report on Skin Care and Basic Makeup Workshop

The Fashion Society of BNC organized a Skin Care and Basic Makeup Workshop on 6th February 2026 in the MP Hall. The session was conducted by Sushma Khan, renowned Celebrity Makeup artist.

The session focused on essential aspects of personal skincare and basic makeup application. Participants were introduced to different skin types and methods of identifying them to enable informed product selection. Demonstrations included facial cleansing techniques using both commercial products and traditional home remedies, along with the importance of regular moisturizing and seasonal adjustments in skincare routines. Practical guidance was also provided on eyebrow shaping, blush selection and application, and choosing suitable lipstick shades based on skin tone and occasion, with suggestions for affordable products.

An interactive question-and-answer segment allowed participants to clarify doubts related to skincare and makeup practices. The session concluded with a discussion on theme-based makeup for the modelling team, where the resource person shared valuable suggestions for planning and executing appropriate looks. Overall, the session was informative, practical, and well-received by the participants.
